

Product parameters

- **Machine weight** : 0,66kg (without ink cartridge)
- **Machine size** : 24012055 (mm)
- **Printing height** : 2-12 7mm adjustable
- **Printed fonts**: high - definition jet printing fonts , dot matrix fonts , built in a variety of Chinese and English fonts.
- **Spray printing graphics** can spray various trademark patterns , graphics can be imported through U disk
- **Jet printing accuracy** : 600DPI (high definition)
- **Number of printing lines** : 1-6 lines adjustable (within 3 lines recommended)
- **Jet printing bar code** : Bar code , two - dimensional code
- **Serial number** : 1-9 digit variable sequence number
- **Printing distance** : (distance between nozzle and object to be sprayed)
- **Automatic spray printing** : date , time , serial number , etc. (can vary with the time of day)
- **Storage information** : Fuselage and U disk storage
- **Using ink** : Quick dry ink cartridge
- **Ink color** : Black
- **Power supply parameters** : 16.8V rechargeable lithium battery
- **Control panel** : 4.3 inch touch color screen.
- **External interface** : USB , photoelectric interface
- **Printing speed** : Up to 50 m / min (continuous printing) printing speed does not change due to the increase in the number of lines.
- **System power consumption** : Average power consumption is less than 5W .
- **Operation temperature** : 0 ° C - 38 ° C Humidity : 10 % -80 % "
- **Printing material** : wood board , carton , food bag , stainless steel , stone , MDF , light steel keel , pipe Metal , plastic , aluminum foil , etc. ,
